ABOUT OUR BUSINESS

Delivering precision-engineered aluminium screw caps with innovation, quality, and reliable packaging solutions for diverse industries.

Shiv Sai Industries specializes in high-quality aluminium screw caps for pharmaceuticals, cosmetics, food, and chemical industries. Our caps are precision-engineered for durability, consistent performance, and visual appeal. With modern manufacturing technology and rigorous quality checks, we ensure each batch meets strict industry standards.

We offer a wide range of sizes, colors, and finishes with customization options like logo printing, embossing, and anodizing. Available in both inner-lined and non-lined variants, our caps provide reliable sealing and distinct branding to suit diverse packaging needs.

ALUMINIUM SCREW CAPS

Shiv Sai Industries crafts durable, customizable aluminium screw caps offering airtight sealing and visual appeal for food, pharma, cosmetic, chemical, packaging, healthcare, and beverage industries.

Key Features of Our Aluminium Screw Cap.

- Durable Build Quality
- Leak-Proof Design
- Custom Finish Options
- Branding Flexibility
- Multi-Size Availability
- Industry-Grade Sealing

CUSTOM BRANDING & COLOR OPTIONS

Aluminium caps with customizable colors, finishes, embossing, and logo options offer lasting durability, enhance brand visibility, and deliver standout packaging solutions for a wide range of industries.

INNER-LINED AND NON-LINED VARIANTS

Aluminium screw caps offered with foam liners, induction seals, or without liners—providing accurate fit, secure sealing, and food-grade safety across diverse packaging requirements.

PRECISION FIT AND LEAK-PROOF DESIGN

Precisely crafted caps with secure threading offer leak-resistant sealing, tamper protection, and easy opening - ensuring dependable, safe, and efficient packaging for various product applications.

MULTIPLE SIZE & APPLICATION FLEXIBILITY

Aluminium screw caps available in multiple diameters are compatible with glass and PET jars, providing functional, visually appealing, and versatile sealing solutions across diverse industries.
